

Lesson Plans

Monday, April 16-20, 2018

This week we will continue to reinforce reading and language skills for the ACTAspire testing next week. Lessons and discussions will center around historical fiction reading.

Spelling skills will involve first syllable emphasis in two syllable words. We will have a quiz on Friday. There will be no spelling next week because of testing.

Writing practice will allow students to write to a prompt and give them an opportunity to work on planning and developing a written piece.
